Chairman Julius Genachowski
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

July 5, 2011

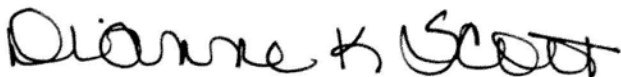

Dear Chairman Genachowski:

Please consider this letter as an opportunity for one of us who is concerned about the current recession and its effect on so many of our citizens to express an opinion about an upcoming issue to be addressed by the Federal Communications Commission.

I strongly believe that the AT&T/T-Mobile merger discussed in the 11-65 proceeding could benefit our friends and neighbors who are struggling with job loss, underemployment, and uncertain futures. We need a major jump-start to boost the economy, add jobs, and provide adequate high-speed mobile broadband service to underserved areas of our country. This merger could go a long way in meeting these needs.

Thank you in advance for supporting the AT&T/T-Mobile merger and for your hard work in representing our citizens with their communications needs.

Sincerely,

A handwritten signature in black ink that reads "Dianne K. Scott". The signature is written in a cursive, flowing style.
